

Borinquen Health Care Center,

"A Family Concept"

MEMORANDUM

TO: RYAN WHITE PART A AND PROJECT AIDS WAIVER PROVIDERS
FROM: BARBARA KUBILUS, M.P.A.
CHIEF SPECIAL PROGRAMS OFFICER
BORINQUEN HEALTH CARE CENTER
SUBJECT: NUTRITIONAL SERVICES
DATE: JUNE 17, 2010

Dear Colleagues:

Effective June 21, 2010 Borinquen Health Care Center will temporarily stop accepting outside referrals for Nutritional Counseling and Services. Unfortunately, the demand for this service has surpassed our capacity to provide the care. Borinquen will honor any appointment that has been scheduled prior to June 21, 2010 and will continue to provide care to those already receiving Nutritional services at our health center.

Please note that this is a temporary measure and we will continue to accept referrals for Primary Care, Dental Care, Mental Health Services; Outpatient Substance Abuse Counseling, and Medical Case Management.

Please feel confident that we are working diligently to open access for Nutritional Services to our community again!

If you have any questions, feel free to contact me at 305-576-6611 ext. 602.

Thank you for your continued collaboration in the care of the individuals of our community.
