

## How You Can Get Help Accessing and Paying for HIV/AIDS Treatment

Several pharmaceutical companies offer prescription assistance programs for patients who have no prescription drug coverage and/or are in financial need. Through these programs, HIV medications may be provided at little or no cost to people who qualify. Patients and health care professionals (HCP) can contact the programs below to learn more about requirements and how to apply.

The **Together RX Access Card** provides discounts on brand-name prescriptions for thousands of people who qualify. The card is accepted at major pharmacies in the U.S. and Puerto Rico: 1-800-444-4106
