The Ryan White Program

The Ryan White HIV/AIDS Treatment Extension Act of 2009 funds medical care and treatment for People Living With HIV/AIDS (PLWHA) and establishes services to improve availability of care for PLWHA and their families who would otherwise have no access to health care. The Florida legislature also provides general revenue funds for limited services.

Services listed in this brochure are funded under Part A of the Ryan White HIV/AIDS Treatment Extension Act of 2009 unless otherwise noted.

The Miami-Dade HIV/AIDS Partnership is the official county planning board for several public programs providing medical and social support services to Miami-Dade County residents living with HIV/AIDS.

Membership is open to people living with HIV/AIDS and other individuals.

Visit www.aidsnet.org or call (305) 445-1076 for more information.

This brochure has been paid for with federal funds received under Part A of the Ryan White HIV/AIDS Treatment Extension Act of 2009 from the U.S. Health Resources and Services Administration and with assistance from the Miami-Dade County Office of Grants Coordination, in cooperation with the Miami-Dade HIV/AIDS Partnership.
